TIPS FOR USING BLACKBERRY SMARTPHONES

TIPS FOR USING BLACKBERRY SMARTPHONES

This document contains tips that will help you activating BlackBerry® smartphones in the MobileCloud™ for BlackBerry smartphones.

In this document you'll find the following subjects:

- [Using the Browser Go To Option](#)
- [Installing Applications](#)
- [Scrolling Up & Down in Internet Pages](#)
- [Using Trackball](#)
- [Get Activity Log](#)

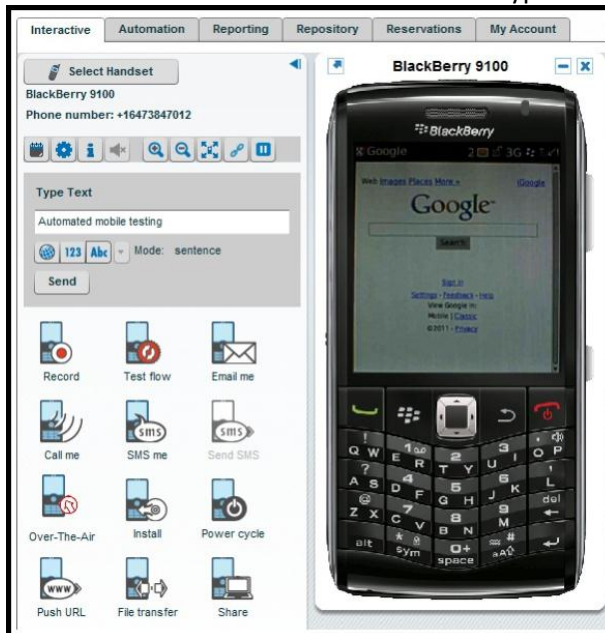

USING BROWSER "GO TO" WITH THE ENTER BUTTON

Some of the BlackBerry smartphones require to use the ENTER button when requesting a URL, instead of the OK button.

1. Select Go To in browser, and enter the required URL

2. Press the ENTER button on the handset keypad or the ENTER button on the PC keyboard

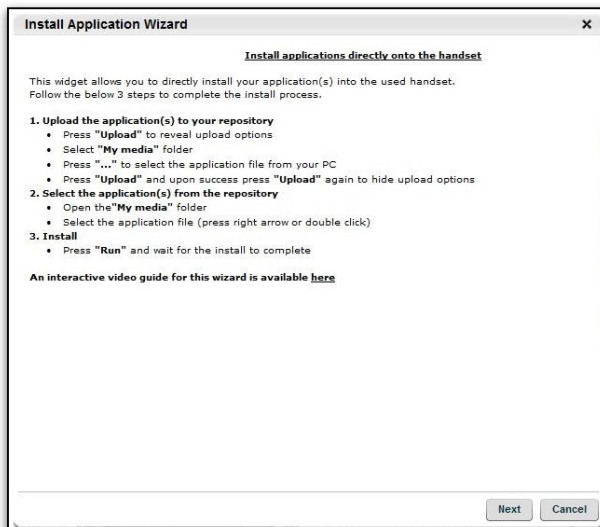

INSTALLING APPLICATIONS

1. Click the install widget
 - Choose a device
 - Click on the Install widget on the left hand side

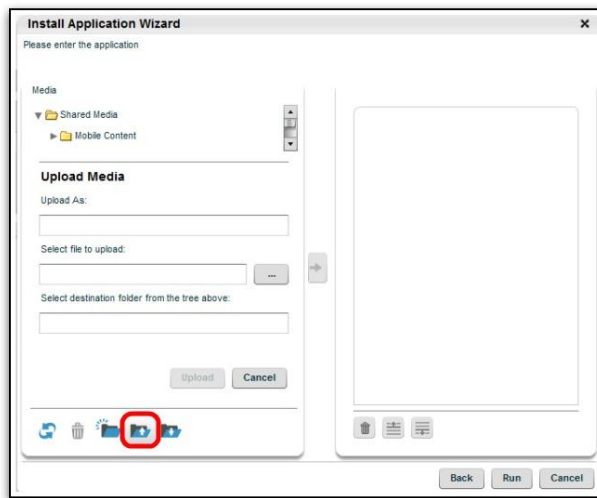

2. Read the instructions
 - After clicking the Install Widget, you'll get detailed instructions.
 - Read them and click Next

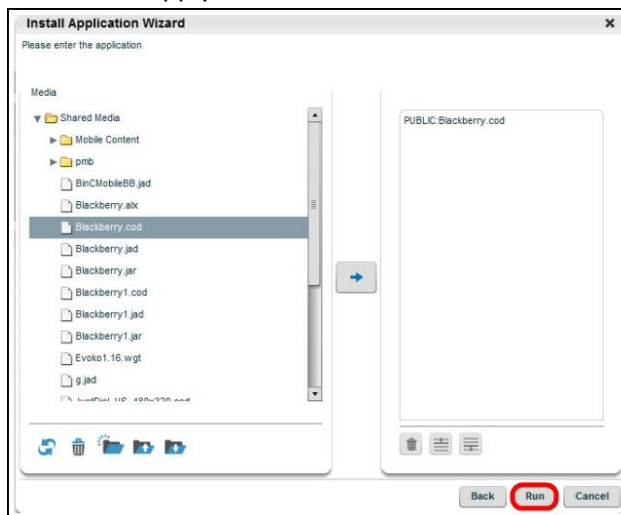

3. Upload app to server

- Click the Upload button on the bottom of the pop-up, in order to upload the app to the server. Use only .cod file for BlackBerry smartphones.
- The app will be uploaded to your private zone and other users cannot see it.
- After uploading an app to the server you can install it as many devices as you want, with just a click

4. Install app on device

- After uploading the app to the server, you'll see it on the list of files on the upper side of the pop-up
- Choose the app you want to install on the device and click Run

5. App is installed

- The device will show indication that the app is being installed

USING TRACKBALL

1. Open smartphone's browser

2. Press the OK button until the red arrows show, and move the cursor around the screen using your PC mouse, while pressing the left key of the mouse

SCROLLING UP/DOWN IN INTERNET PAGES

Pressing the Up/Down button may result in slow scroll speed. To accelerate scrolling, use the following methods:

- Press SPACE for Next Page
- Press the SHIFT key and then SPACE for Previous Page
- Press T for the Top of the Page
- Press B for the Bottom of the Page
- Make Long Key Press over Up/Down (hold the CTRL button while pressing Up or Down on your PC)

Note: for Space, T and B you can use your PC keyboard.

GET LOG

1. Activate the Get Log widget
 - Click on the Log tab on the right hand side of the screen.
 - Click on the Get Log widget

2. Get handset log
 - The handset activity log will appear on the right hand side of the screen
